Send Documents

Choose the receiver of your documents

The screenshot displays the TRUfusion Portal interface. On the left is a navigation sidebar with the following items: Homepage, Sent data, Received data, Receive, Send (highlighted with an orange circle), My account, Help, and Log out. The main content area features a configuration panel for document sending, which is highlighted with a red rounded rectangle. This panel includes:

- A 'Location' dropdown menu currently set to 'All Locations', with an empty search input field and a 'Filter' button below it.
- A 'Recipient' dropdown menu currently set to 'Hedinger, Andreas / TGS', with an empty search input field and a 'Filter' button below it.
- A 'Next' button at the bottom of the panel.

An orange arrow points from the 'Send' menu item in the sidebar to the configuration panel.

Send Documents

Maintain all needed Fields

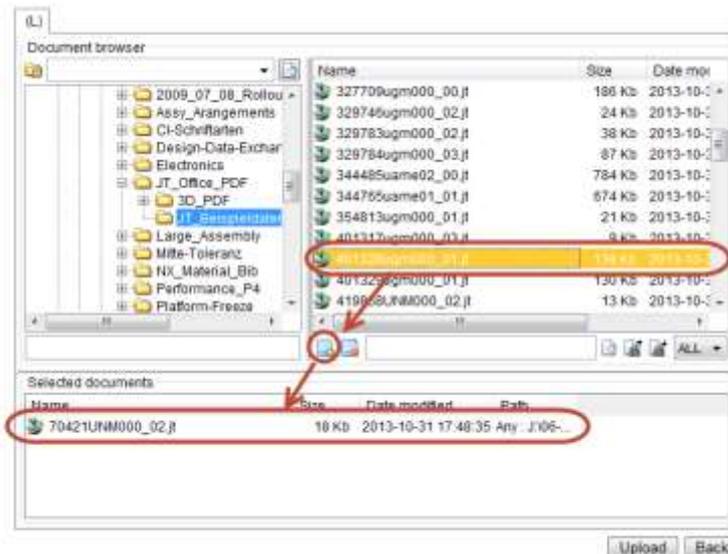

*Fields with * must be filled*
